YEARS höfats

PRODUCT CATALOGUE 2025

FIRE. FORM. FUNCTION.

10 YEARS

Only those who are passionate themselves can ignite the fire in others and achieve greatness. That's what höfats is all about – FIRE.

Without an appealing form, function has no stage. It's not just about beautiful form, but the right form – a form that arises from function, complements it, and can be explained through it. Minimalist yet unique. The best form is irreplaceable.

We strive for fascinating functionality. höfats products are astonishingly intuitive, surprise with their multifunctionality, and captivate through the clever use of physical effects. These functionalities are often unique and, to keep them that way, patented.

höfats brings fire into your life. Indoors and outdoors.

We are a dynamic design company in the heart of the Allgäu, developing and distributing fascinating products centered around open fire. Since 2015, our distinctive DNA – fire, form, function – has been delighting fire enthusiasts around the world. In 2025, we proudly celebrate our 10th anniversary – a journey full of passion and innovation that has accompanied us and our customers for a decade.

Our mission is both simple and profound: We want to create the perfect ambiance for your unforgettable moments by the fire, because is there anything more beautiful than gathering with friends around a crackling fire? To make these moments special, we invent, develop, and produce products that are as unique and beautiful as they are functional.

Our collection includes tabletop fireplaces, fire bowls, grills, and candleholders – and is constantly evolving. Every höfats product combines minimalist design, ingenious functionality, and premium materials to ensure that your time by the fire becomes the best of your life.

Our pursuit of excellence has earned us over 50 international design awards, including the most prestigious accolades in the industry. From the living room to the great outdoors – höfats brings the timeless allure of fire to every moment.

SPIN

The wild vortex of flames in the decorative glass cylinder

creates a unique flame display that turns any occasion into an unforgettable experience. It impresses with unparalleled aesthetics, thoughtful functionality, and uncompromising safety – honored with numerous prestigious design awards.

Fueled by natural höfats bioethanol, the striking flame rises dynamically with the placement of the heat-resistant borosilicate glass cylinder, radiating a comforting warmth in all directions. Always securely enclosed within the glass cylinder, the flame burns odorless, soot-free, and smokeless, and is certified to the highest standards (DIN EN 16647) for both indoor and outdoor enjoyment. When the spectacle needs to end, the included extinguishing lid ensures the flame is safely and easily put out.

Available in three models with various materials, colors, and sizes, SPIN can be flexibly expanded into a garden torch, standing, or hanging fire. SPIN infuses modern living spaces with the enchanting magic of fire – stylish, versatile, and captivating.

Certified for indoor use

Breathtaking flame display

Pleasant warmth

Burns soot- and smoke-free (Bioethanol)

OVERVIEW OF ALL SPIN MODELS

SPIN 90 | 120

for easy cleaning

Lid as heat protection and
flame extinguishing

Safe stand for
conventional candles

OVAL CANDLE 35 – A declaration of love to the long oval. Timelessly elegant, soft and smooth, the candle is framed and set in scene with its impressively large flame. OVAL CANDLE is as iconic as it is functional. Hanging or standing on the table, indoors and outdoors - this lantern enchants every conceivable situation with heart-warming candlelight. And it is always safe and clean thanks to the heat-resistant glass cylinder, drip tray and extinguishing lid.

- ☆ • Suitable for one candle with Ø 50 mm, max. 100 mm long
- 3 holding pins allow the candle to stand securely
- Specially designed candle support by 4 pins, safe stand also for Stearin candles
- Removable wax drip tray underneath the candle ensures safe burning and easy cleaning
- Two different variations: standing base with felt pad or height-adjustable, heat-resistant aramid cord for suspending
- Lid with silicone handle as heat protection and
- To extinguish the candle
- Easy to assemble without tools
- Stainless steel, brushed

LOWER PART zinc die casting
UPPER PART borosilicate glass

 **SILVER**
chrome-plated

 **BLACK**
powder-coated

GRAVITY CANDLE – No matter how you turn GRAVITY CANDLE, with this lantern the candle will always remain perpendicular due to gravity. GRAVITY CANDLE inspires with a gimbal-mounted tea light, making wax splashes from blowing out the candle a thing of the past. Simply turn the GRAVITY CANDLE upside down, and the glass cylinder will slip over the tea light, smothering the flame cleanly and without smoke. In this inverted position, the tea light is also protected from the weather and leaves when not in use.

This gimbal is also extremely useful when lighting. Tilted to the side, the candle can be lit comfortably without the risk of burning. Whether standing on the table, hanging or mounted on a pole: Thanks to the range of accessories, GRAVITY CANDLE offers even more functionalities and enchants favourite places indoors and outdoors with atmospheric candlelight.

- ☆ • Lantern with gimballed candle
- Candle always remains perpendicular due to gravity
- Convenient lighting
- Safe and clean extinguishing of the flame
- Protects against leaves, water and dust when turned upside down
- Secure hold for gastro tea lights
- Optional accessories: hanging system, pole, base
- Lower part: die-cast zinc

🏆 DDC Award 2019
Iconic Award "Innovative Interior" 2019
Focus Open 2018
reddot design award 2018

📏 **GRAVITY CANDLE silver**
Ø 8 cm, 14 cm height, 0.6 kg | gross Ø 10 cm, 15.5 cm height, 0.7 kg

Item No. 00544, EAN 4064251005449

GRAVITY CANDLE HANGING SYSTEM – Thanks to the optional hanging system, GRAVITY CANDLE floats in space. Assembly is simple and does not require any tools: Pull off the glass cylinder, put on the ring together with the bracket and put the glass cylinder back on. Even in this position, the lantern can simply be turned over to extinguish the candle and is protected from the weather.

- ☆ • Suspension for lantern
- Incl. hanging rope (200 mm) made of black aramid fibre, high heat resistance
- Suspension also possible without rope, e.g. nail
- Stainless steel, brushed

HENRY METAL

HENRY METAL I – This candleholder sets the stage for the steel beam and lets the structural foundation of industrial architecture shine in a gentle light. Its iconic shape represents boundless possibilities and the bridges built with it connect distances that were thought to be insurmountable. HENRY METAL combines angular hardness with filigree candles and can be combined into an individual sculpture in pairs of multiple candleholders.

- ☆ Suitable for one candle with Ø 20–24 mm, max. 250 mm length
- Precise fitting candle socket, safe stand also for stearin candles
- Arrangement with another HENRY METAL I or HENRY METAL II candleholder possible
- Felt pad for optimal positioning when arranging and to avoid scratches on sensitive surfaces
- High-quality aluminium with anodised finish

STANDS BOWL

SUITABLE FOR ALL BOWL MODELS

BOWL 57 | 70 STAR STAND – The elegant star stand transforms the BOWL 57 | 70 into a fire bowl with a lounge atmosphere that makes no one want to get up any time soon. Whether horizontal with optional plancha and grid or tilted: With the star stand, the heat is directed exactly where it is needed most.

BOWL 57 | 70 TRIPOD – In no time at all, the tripod raises the BOWL, BOWL 57 and BOWL 70 to a comfortable waist height and thus an optimal grilling position (grid and plancha additionally available). The screw-on BOWL 57 | 70 Tripod impresses with an even more slender look with the usual stability, which offers every BOWL a secure hold in a neutral or even tilted position and lets you enjoy the fire without worrying.

- ☆ • Secure stance on one-piece, solid star stand

BOWL 57 | 70 SEAR GRATE – The BOWL 57 | 70 Sear Grate is more than a cast iron grate. Together with the support ring and the handle, it offers a range of options for grilling and cooking over open flames that leaves even barbecue professionals in raptures. The cast iron grate extends the grilling surface and is ideal for searing when placed directly in the middle of the plancha ring. Positioned on the support ring, the flame proximity and thus the temperature can be regulated over various levels. The cast iron grate can be inserted and removed in no time with the included handle, which also creates space for a wok pan. Placed into the support ring over four different levels, the pan is positioned directly above the flames and adds a special touch to any dish.

- ☆ **Solid cast iron grate, optimal heat retention**
- **Can be positioned on the height-adjustable rack or placed directly on the opening of the plancha ring**
- **Also ideal for using a wok or iron pan on the rack ring: safe standing thanks to the built-in three-point support**
- **Solid lifting tool made of cast iron for inserting / removing the cast iron grate**
- **Space-saving storage when dismantled**
- **Cast iron grate: solid cast iron with high-quality enamel coating**
- **Rack with ring: support ring made of solid cast iron, the rods made of high-quality stainless steel**
- **Suitable for the BOWL and BOWL 57 | 70 Plancha ring (consisting of 2 plancha halves)**
- **Optional extension with BOWL 57 | 70 Warming Ring**

BOWL 57 | 70 WARMING RING – With the BOWL 57 | 70 Warming Ring, the barbecue collection gains a boost that catapults your grilling and cooking options exponentially upwards. Simply placed on the support ring of the Sear Grate, the Warming Ring offers 60% more space over the flames to keep ready-to-eat delicacies at an optimal temperature or to gently prepare delicate grilled food such as bread or vegetables. Surrounding the cast iron grate, as a tray around an iron pan or solo as a second grilling level above the plancha ring - the Warming Ring offers countless facets that are waiting to be discovered.

- ☆ **Warming Ring enamelled cast iron, optimum heat retention**
- **Non-stick coating for low-fat grilling & cooking**
- **Lowered with small outer rim so that grease or grilled food cannot fall off**
- **Can be placed on the rack of the BOWL 57 | 70 Sear Grate without assembly**

FIRE KITCHEN STAINLESS STEEL CONTAINER SET – The five-piece set provides ample space for all the ingredients you need to prepare your menu over the fire. You can place them on either the middle or top level and even cover them with the worktop.

FIRE KITCHEN TOOL BOX – Even more storage space for spices, BBQ tools, toppings or other ingredients for the best dishes over the flames. Simply hook the Tool Box into the FIRE KITCHEN frame and place it where you need it most. At the end of the evening, you can take it back to the kitchen or leave it hanging on the FIRE KITCHEN, where the practical slits allow rainwater to drain away.

MOON

MOON 45

MATERIALS

HEMISPHERE & INNER ASH TRAY

Enamelled steel and brushed stainless steel or stainless steel PVD-coated

STANDS Enamelled steel and brushed stainless steel

MOON 45 – The unrivalled MOON with revolutionary burner technology based on the principle of wood gasification, makes flames and hearts beat faster. The design of the elegant black sphere appears weightless and adds a fascinating lightness to any occasion.

Its double wall, consisting of an inner and outer bowl, allows for a split air supply. This groundbreaking design not only heats the fuel (either wood or pellets) in the heart of the fire basket, but also allows for a second, fascinating combustion below the opening. The air is heated in the double wall, rises to the top and burns the smallest particles of wood that can no longer escape as smoke.

This effect not only creates an enchanting and unique interplay of flames, but also increases the heat output and drastically reduces the amount of smoke emitted, making it the most environmentally friendly fire basket available.

The MOON is available with a choice of stands to suit any garden party. A masterpiece in the world of fire.

- ☆ • Ground-level fire basket with wood gasification technology
- Fascinating flame effect and low-smoke fire thanks to two-stage combustion process
- Can be heated with logs or pellets
- Combustion with little residue when using wood
- Safe stand on low cast iron stand or high stainless steel stand
- Quick assembly & disassembly without tools
- Easy to clean due to removable ash tray
- Easy to transport
- Inner bowl: silver stainless steel, outer bowl: enamelled steel
- Ash tray: Enamelled steel and silver stainless steel
- Extension nozzle: Brushed stainless steel. Surface acquires a unique colour gradient with use.
- Low stand: enamelled cast iron
- High stand: Brushed stainless steel
- Scope of delivery: MOON 45 outer and inner bowl, fire grid, ash tray, extension nozzle, low or high stand

Low-smoke fire

Can be fired with both wood logs and pellets

Increased heat output

High and low stand

ACCESSORIES MOON

MOON 45 LOW STAND – Always connected to the ground, MOON sits securely on the low cast stand and creates a cosy lounge atmosphere. The short legs of the cast stand fit elegantly into the overall appearance of MOON and ensure that no one wants to go home any time soon.

- ☆ Easy conversion to ground level fire bowl
- ☆ Stands securely on solid cast iron stand
- ☆ Quick assembly & disassembly without tools
- ☆ Solid cast iron with matte black enamel finish

MOON 45 Low Stand
 Product dimensions: 28 x 32 x 14 cm, Weight: 1.7 kg
 Packed dimensions: 42 x 42 x 21 cm, Weight: 3 kg
 Item No. 00718, EAN 4064251007184

MOON 45 HIGH STAND – For the perfect atmosphere at your next garden party. The three brushed stainless steel legs create a sleek look. And when not in use, the stand can be unscrewed and stored to save space.

- ☆ Easy conversion to raised fire bowl
- ☆ Secure stand
- ☆ Easy to screw feet to supporting ring
- ☆ Support ring: black enamelled cast iron
- ☆ Legs: brushed stainless steel

MOON 45 High Stand
 Product dimensions: 48 x 55 x 40 cm, Weight: 2.3 kg
 Packing dimensions: 58 x 29 x 12 cm, Weight: 3.7 kg
 Item no. 00719, EAN 4064251007191

MOON 45 PLANCHA – Fuelled by wood or pellets, the MOON fire basket produces precise heat for creative grilling and cooking. The plancha ring offers plenty of space for all kinds of delicacies, which can be prepared with little fat thanks to the optimum heat retention and non-stick coating of the cast iron plate, expanding your culinary options above the flames.

- ☆ Continuous plancha ring: 53cm diameter and 16cm centre opening
- ☆ Can be used as a grill insert for wood or pellet fires
- ☆ Stable thanks to integrated three-point support
- ☆ Optimum heat retention and non-stick coating
- ☆ Lowered with outer edge to prevent fat or food from falling off
- ☆ Enamelled cast iron

MOON 45 Plancha

 Packing dimensions: 58 x 58 x 13 cm, Weight: 15 kg
 Item No. 00861, EAN 4064251008617

MOON 45 ASH TRAY EXTENSION – The practical extension prolongs the smokeless fire enjoyment indefinitely. Simply screw the ring onto the ash tray, and it safely captures all glowing pellets. With the included lifter, the ash tray can be effortlessly removed from the MOON fire basket, emptied, and refilled with pellets – ensuring clean, easy handling and a consistently relaxing fire experience.

- ☆ Extends the smokeless fire with pellets in the MOON Fire Basket
- ☆ Enables easy removal, emptying, and refilling of the MOON ash tray
- ☆ Sturdy stainless steel ring for attachment to the ash tray with screws
- ☆ Scope of delivery: MOON Extension Ring, MOON Lifter

MOON 45 Ash Tray Extension
 Product dimensions: Ring Ø 37.5 cm, height 8.5 cm, weight: 0.7 kg
 Lifter dimensions: 31.5 x 10 x 2 cm, weight: 0.1 kg
 Packaging dimensions: 42.5 x 42.5 x 10 cm, weight: 1.2 kg
 Item no. 00832, EAN 4064251008327

MOON 45 ASH TRAY WITH EXTENSION – The complete set of ash tray, extension ring, and lifter ensures uninterrupted, smokeless fire enjoyment. The ash tray can be easily removed from the MOON fire basket using the included lifter, emptied, and refilled, or replaced with another ash tray with extension if needed. For clean handling and a relaxing, uninterrupted fire experience.

- ☆ Complete set of ash tray, extension ring, and lifter
- ☆ Extends the smokeless fire with pellets in the MOON fire basket
- ☆ For easy swapping of the MOON ash tray in the MOON Fire Basket
- ☆ Enables easy removal, emptying, refilling, or exchange of the MOON ash tray
- ☆ Sturdy stainless steel ring for attachment to the ash tray with screws
- ☆ Included in delivery: MOON Extension Ring, MOON Ash Tray, MOON Lifter

MOON 45 Ash Tray with Extension
 Ring with ash tray mounted Ø 37.5 cm, height 17.5 cm, weight: 3.8 kg
 Lifter dimensions: 31.5 x 10 x 2 cm, weight: 0.1 kg
 Item no. 00973, EAN 4064251009737

MOON 45 SPARK GUARD – Specially designed to prevent flying sparks, this highly effective guard creates a safe environment for undisturbed fire enjoyment. Simply slipped over the MOON's opening, the spark guard provides safety and a clear view of the fascinating dance of flames.

- ☆ Cover mesh during fire to reduce flying sparks
- ☆ Easy to fit and remove
- ☆ Fits under the lid and cover
- ☆ Stainless steel ring with stainless steel mesh

MOON 45 Spark Guard
 Product dimensions: 34 x 34 x 7 cm, Weight: 0.4 kg
 Packing dimensions: 35 x 35 x 8 cm, Weight: 0.6 kg
 Item No. 00808, EAN 4064251008082

MOON 45 LID – Worries about flying sparks and clouds of ash are a thing of the past with the MOON lid. Glowing ash is safely contained within MOON, while clever details ensure that wind and weather are kept out.

- ☆ Cover after use to prevent flying ash and sparks
- ☆ Weatherproof, sturdy and non-slip domed lid prevents water from collecting
- ☆ Complete coverage of the MOON prevents water ingress
- ☆ Can be placed over the spark guard
- ☆ Fits under the cover
- ☆ Brushed stainless steel

MOON 45 Lid
 Product dimensions: 43 x 43 x 15 cm, Weight: 1.2 kg
 Packing dimensions: 43.5 x 43.5 x 17 cm, Weight: 1.9 kg
 Item No. 00807, EAN 4064251008075

MOON 45 COVER – The protective cover for MOON is easy to put on and secure. The practical drawstring with cord stopper at the bottom of the cover ensures a firm and secure hold in all weathers. The material is water-repellent and protects against dirt and moisture.

- ☆ Perfectly fitting protective cover
- ☆ Easy to fit
- ☆ Spark guard and lid can remain under the cover
- ☆ Drawstring with cord stopper at bottom
- ☆ Water-repellent and durable polyester/nylon blend fabric

CUBE

MATERIAL

CUBE BLACK
100% stainless
steel, powder-
coated

**CUBE CORTEN
STEEL**
100% Corten steel

CUBE BLACK – Enjoy the warmth of the fire without any worries. Thanks to its sophisticated design, CUBE encloses the fire remains, reduces flying sparks and safely stores the ashes. The outer fire basket is simply turned over while the inside ash tray always remains in balance due to gravity. No ashes are dropped and the fire is choked.

Without worrying about the fire going out, the time by the fire can be enjoyed even more. Choose to grill on the grid or plancha, both easily adjusted in height and heat exposure. If no fire is burning inside the CUBE, it can be used as a stool, a bench or a side table – a multi-purpose piece of outdoor furniture which surprises, enthuses and gives lasting joy due to its high quality materiality.

- ☆ • Fire basket with optional extension to grill and stool
- Rotatable ash tray: fire basket can be turned over during burning, the fire goes out
- Stainless steel, powder-coated
- Optional accessories: CUBE Grid, CUBE Plancha, CUBE Board, CUBE Cover

 Item no. 00914, EAN 4064251009140

CUBE BOARD – With the solid bamboo board, the CUBE fire basket can be transformed into a pleasant seat, side table or flower stool with a flick of the wrist. The extraordinarily high surface hardness makes bamboo one of the most durable woods. Our additional lacquering makes it even more durable. Use only after CUBE has cooled down completely.

- ☆ • Transforms the fire basket into a stool or side table
- Can also be used as a serving tray
- Bamboo solid wood, 30 mm thick, UV-resistant lacquered

☞ **CUBE Board**
 42 x 42 x 3 cm, 3.5 kg | gross 44 x 43 x 4 cm, 3.8 kg
 Item No. 020201, EAN 4260447330146

CUBE BBQ SET – The CUBE BBQ Set fulfills all culinary needs, allowing you to enjoy the warmth of the fire while savoring grilled delicacies. Simply insert the grill grid into the notches around the rim of the CUBE at the desired height, and you're ready to grill.

- ☆ • All features of the CUBE fire basket black
- Includes CUBE Grill Grid
- Optional accessories: CUBE Plancha, CUBE Board, CUBE Cover

TRIPLE 120 | 90 | 65

MATERIAL

Corten steel

CONDITION AS-DELIVERED

RUST PATINA develops over time

Can be dismantled,
compact transport size

TRIPLE

Feet for an elevated standing
position(option for TRIPLE 90)

TRIPLE – An homage to open fireplaces, interpreted with angular clarity in solid Corten steel. TRIPLE cultivates the archaic heat source through inspired simple functionality. Three identical, faceted segments fit together in a few simple steps to form a solid, large whole.

The fact that they can be dismantled allows for mobility and resource-saving transport. The adaptable grill grid is infinitely height-adjustable and swivels. There is space on the shelf for a pot of tea, mulled wine or grilled food, but it can also be swung inwards to cook a fiery stew.

- ☆ • Fire bowl with expandable grill function
- Easy to dismantle, compact transport size
- Optional accessories: infinitely height-adjustable and swivelling grill grid, shelf or height-adjustable hot plate
- Up to three accessory bars can be mounted (TRIPLE 120/90)
- Elevated standing position possible due to add-on feet (TRIPLE 90 only)
- Corten steel, it develops a lively, unique rust patina

TRIPLE GRID – The grid can be infinitely adjusted in height and swivelled. A vertical bar forms the guide, along which the grill grid can be adjusted vertically by 45 cm. It holds at any height by tilting.

- ☆ • Infinitely height-adjustable due to self-canting with the bar
- Swivelling
- Grid with Ø 6 mm bars
- Polished stainless steel grate, brushed stainless steel handle
- Incl. höfats TRIPLE pole (Item 050601 / 050602)

TRIPLE BBQ SET – The BBQ Set enhances the primal heat source with culinary functionality: The infinitely adjustable and swivelable grill grid allows for precise grilling over the open flame.

- ☆ • All features of the TRIPLE Fire Bowl
- Includes matching TRIPLE Grill Grid 45 (for TRIPLE 60) or TRIPLE Grill Grid 55 (for TRIPLE 90 and 120)

📏 **TRIPLE 120 BBQ Set**
 Fire bowl Ø 120 cm, height: 32 cm, 21.5 kg | Packaging: 90×63×22 cm, 25 kg
 Grill grid Ø 55 cm, 4 kg | Packaging: 55 × 55 × 3 cm, 4 kg
 Item no. 00995, EAN 4064251009959

📏 **TRIPLE 90 BBQ Set**
 Fire bowl Ø 90 cm, height: 24 cm, 13 kg | Packaging: 68×49×18 cm, 15.2 kg
 Grill grid Ø 55 cm, 4 kg | Packaging: 55 × 55 × 3 cm, 4 kg
 Item no. 00993, EAN 4064251009935

📏 **TRIPLE 65 BBQ Set**
 Fire bowl Ø 65 cm, height: 17 cm, 6.4 kg | Packaging: 49 × 36 × 15 cm, 8.1 kg
 Grill grid Ø 45 cm, 3 kg | Packaging: 45 × 45 × 3 cm, 3 kg
 Item no. 00991, EAN 4064251009911

TRIPLE POLE – If the TRIPLE Table is not to be placed on the same vertical pole of the grid, TRIPLE Pole gives it its own mounting.

- ☆ • Mounting for table/grid
- Up to three accessory bars can be mounted (TRIPLE 120 | 90)
- Stainless steel, brushed

📏 **TRIPLE Pole 55 (suitable for TRIPLE 90 & 120)**
 Ø 2 cm, 55 cm length, 0.6 kg | gross 56 × 2 × 2 cm, 0.6 kg
 Item No. 050602, EAN 4260447330641

📏 **TRIPLE Pole 40 (suitable for TRIPLE 65, 90 & 120)**
 Ø 2 cm, 40 cm length, 0.5 kg | gross 43 × 2 × 2 cm, 0.5 kg
 Item no. 050601, EAN 4260447330634

TRIPLE MULTI SET – The multi-set offers maximum versatility and transforms the fire pit into a fully equipped outdoor cooking and enjoyment station.

- ☆ • All features of the TRIPLE Fire Bowl
- Includes matching TRIPLE Grill Grid 45 (for TRIPLE 60) or TRIPLE Grill Grid 55 (for TRIPLE 90 and 120) and TRIPLE Table
- Includes additional TRIPLE Pole 40 for TRIPLE 90 and 120

📏 **TRIPLE 120 Multi Set**
 Fire bowl Ø 120 cm, height: 32 cm, 21.5 kg | Packaging: 90×63×22 cm, 25 kg
 Grill grid Ø 55 cm, 4 kg | Packaging: 55 × 55 × 3 cm, 4 kg
 Table Ø 35 cm, 2.2 kg | Packaging: 36 × 36 × 3 cm, 2.5 kg
 Pole Ø 2 cm, length 40 cm, 0.5 kg | Packaging: 43 × 2 × 2 cm, 0.5 kg
 Item no. 00996, EAN 4064251009966

📏 **TRIPLE 90 Multi Set**
 Fire bowl Ø 90 cm, height: 24 cm, 13 kg | Packaging: 68×49×18 cm, 15.2 kg
 Grill grid Ø 55 cm, 4 kg | Packaging: 55 × 55 × 3 cm, 4 kg
 Table Ø 35 cm, 2.2 kg | Packaging: 36 × 36 × 3 cm, 2.5 kg
 Pole Ø 2 cm, length 40 cm, 0.5 kg | Packaging: 43 × 2 × 2 cm, 0.5 kg
 Item no. 00994, EAN 4064251009942

📏 **TRIPLE 65 Multi Set**
 Fire bowl Ø 65 cm, height: 17 cm, 6.4 kg | Packaging: 49 × 36 × 15 cm, 8.1 kg
 Grill grid Ø 45 cm, 3 kg | Packaging: 45 × 45 × 3 cm, 3 kg
 Table Ø 35 cm, 2.2 kg | Packaging: 36 × 36 × 3 cm, 2.5 kg
 Item no. 00992, EAN 4064251009928

TRIPLE 90 FEET – To give TRIPLE 90 a higher standing position, additional feet can be mounted. This is helpful to achieve an ergonomic grill height or to protect the ground from too much heat. When the feet are not needed at the moment, they can simply be swung inwards.

- ☆ • Elevating feet for TRIPLE 90
- Raises the fire bowl by 20 cm
- Easy assembly, three parts
- Feet fold inwards
- Corten steel

📏 **TRIPLE 65 Feet**
 34 × 9 × 0.4 cm, 1.8 kg | gross 34 × 9 × 1 cm, 1.8 kg
 Item No. 050501, EAN 4260447330498

BEER BOX

BEER BOX

MATERIAL

Corten steel

BEER BOX – The evolution of the beverage crate begins with the materials wood and metal and ends for the time being with plastic for economic reasons. But what if there is a life after its existence as a beverage container, if the crate is upcycled into a fire basket after its initial use? BEER BOX, a fire basket made of solid Corten steel in its simplest form, yet amazingly versatile: The large handles cry out for mobility - so off you go outside! The cardboard interior is also a firelighting material.

Thanks to accessories, the box becomes a barbecue or stool and the ability to stack makes sense for raising the fire basket as well as for storage and transport. The fact that the box is also an ideal advertising medium is in the nature of things and the integrated bottle top opener is simply a joy!

- ☆ Beverage crate and fire basket with optional extension to barbecue and stool
- Integrated bottle opener
- Incl. cardboard inlay for bottles 0.33l
- Stackable with another BEER BOX or standard beverage crate
- Optional accessories: BEER BOX Grid, BEER BOX Board
- Corten steel, it develops a lively, unique rust patina

🕒 European Product Design Award
Stahl-Innovationspreis 2018
Focus Open 2018

📦 **BEER BOX Fire Basket**
38 x 28 x 30 cm, 7 kg | gross 40 x 32 x 31 cm, 9,5 kg
Item No. 070101, EAN 4260447330504

BEER BOX BOARD – The board allows the BEER BOX fire basket to be transformed into a comfortable seat, side table or flower stool in one easy step.

- ☆ Turns the BEER BOX into a stool or side table
- Can be used as a serving tray, all-round juice groove on the back
- Bamboo solid wood, sealed with clear lacquer

📦 **BEER BOX Board**
40 x 30 x 2,5 cm, 1,5 kg | gross 40 x 30 x 2,5 cm, 1,5 kg
Item No. 070201, EAN 4260447330580

BEER BOX GRID – The stainless steel grill grid also allows grilling on the BEER BOX. Thanks to handles, it is easy to put on or take off.

- ☆ Grill grid with Ø 5 mm bars
- Integrated handles for safe insertion
- Polished stainless steel

📦 **BEER BOX Grid**
42 x 30 x 4 cm, 0,9 kg | gross 42 x 30 x 4 cm, 0,9 kg
Item No. 070301, EAN 4260447330511

CRATE

MATERIAL

Corten steel

CRATE – CRATE follows in the footsteps of the legendary BEER BOX. While the beer crate was the source of inspiration for the BEER BOX, CRATE is reminiscent of wine and fruit crates. The usual material of wood is replaced by high-quality Corten steel. The result is a multifunctional product that can be many things: Wood storage, wine, beer or fruit crate, but also fire basket, stool and barbecue.

A spontaneous trip to the lake? CRATE is the perfect companion! In addition to drinks, the robust box can also be used to transport firewood for an atmospheric campfire or a small barbecue - and the grill grid comes along!

- ☆ Fire basket with optional extension to grill and stool
- Can also be used as a beverage crate, wine crate, beer crate, wood storage, fruit crate, etc.
- Stackable with another CRATE
- Durable stainless steel riveting
- Optional accessories: CRATE Grid, CRATE Board
- Corten steel, it develops a lively, unique rust patina

📦 **CRATE Fire Basket**
40 x 30 x 27 cm, 6,6 kg | gross 42 x 32 x 30 cm, 8,8 kg
Item No. 120101, EAN 4260447330863

CRATE BOARD – The board allows CRATE to be transformed into a comfortable seat, side table or flower stool in one easy step.

- ☆ Turns the fire basket into a stool or side table
- Can be used as a serving board, solid bamboo wood, 15 mm thick, UV-resistant lacquered

📦 **CRATE Board**
39 x 29 x 1,5 cm, 1 kg | gross 39 x 29 x 1,5 cm, 1 kg
Item No. 120201, EAN 4260447330870

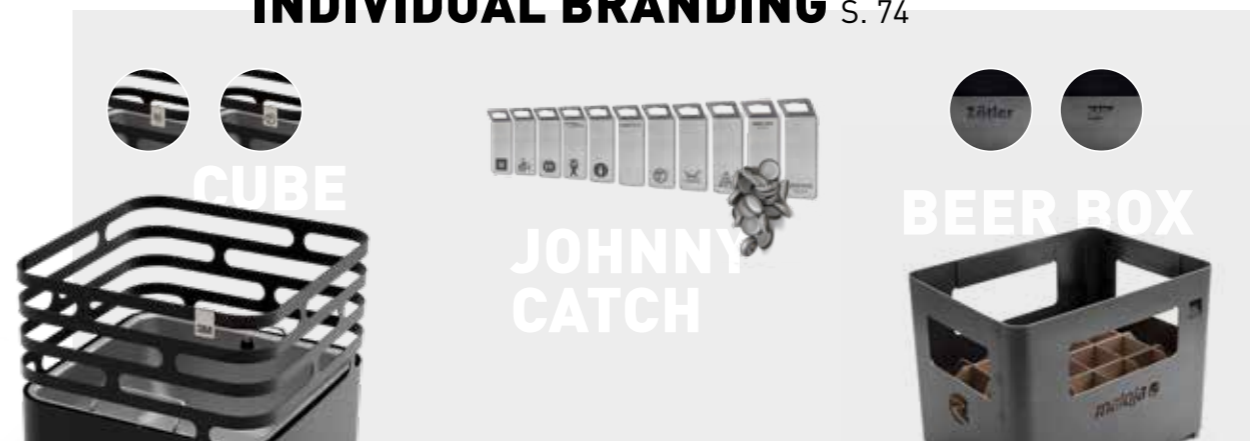

CRATE GRID – Simply place the grill grid made of chrome-plated steel on the fire basket and there is plenty of room for all kinds of tasty treats.

- ☆ Grill grid with Ø 5 mm bars
- Chrome-plated steel

📦 **CRATE Grid**
38 x 29 x 1 cm, 0,9 kg | gross 38 x 29 x 1 cm, 0,9 kg

INDIVIDUAL BRANDING S. 74

ELLIPSE

MATERIAL

Corten steel

CONDITION AS-DELIVERED

RUST PATINA
develops over time

ELLIPSE

ELLIPSE – A sculptural fire bowl made of Corten steel that surprises with unexpected functionality. It can take up a neutral position, but can also be turned towards a seating group or shield the flames from too much wind.

The foot provides stability and serves as a stand for the rounded shell. It also serves as an ash tray: when the fire has mostly burned down and is to be fully extinguished, the tray can be emptied into the foot by tilting it to one side. The foot is then closed with the empty fire bowl in the overhead position, which smothers the remaining fire and prevents sparks from flying.

- ☆ • Fire bowl with expandable grill function
- Swivelling fire bowl: neutral and tilted position
- Finish safely & cleanly: embers can be emptied into the foot, fire bowl covers foot
- Optional accessories: ELLIPSE Grid, ELLIPSE Foot for elevated standing position
- Corten steel, it develops a lively, unique rust patina

archiproducts design award 2018

ELLIPSE Fire Bowl
110×57×36 cm, 17.5 kg | gross 114×60×21 cm, 19.5 kg
Item No. 060101, EAN 4260447330528

ELLIPSE GRILL – The solid stainless steel grill grid enables ELLIPSE to be used for barbecuing. The grid can hold food to 5kg. The heat can be increased by pushing more embers under the grid or reduced by moving them to the side.

- ☆ • Grill grid with Ø 6 mm bars
- Grid is simply hooked onto the edge, no further assembly necessary
- Polished stainless steel

ELLIPSE Grid
60×40×7 cm, 3 kg | gross 60×40×7 cm, 3 kg
Item No. 060301, EAN 4260447330535

ELLIPSE FOOT – To give ELLIPSE an elevated stand, the foot can be attached to an additional foot element. This is helpful to achieve an ergonomic grill height, or to protect the ground from too much heat. Up to two additional foot elements are useful.

- ☆ • Additional foot element for increased stability
- Simple plug-in assembly
- Allows fire bowl to be raised by 18 cm at a time
- Use a maximum of 2 additional foot elements
- Corten steel

ELLIPSE Foot

FIRE TOOLS S. 65

Fire Tool Set

Blow poker with stainless steel base

Blow poker

Fire Tongs

CONE

CONE

MATERIAL

100% stainless steel, powder-coated

Comfortable working height 85 cm

100% stainless steel

With the lid closed or half-closed, even larger grilled food can be cooked slowly and energy-efficiently. Just like in an oven, the heat reaches the food from all sides.

stepless & instant heat regulation

The distance between the charcoal and the food to be grilled is minimal, the air supply is open to the maximum
= maximum possible heat

The distance between the charcoal and the food is average, the air supply is open
= medium heat

The distance between the charcoal and the food to be grilled is maximum, the air supply is closed
= least heat

fire basket function

CONE – Is the first charcoal grill with effective heat regulation. It transfers the comfort of a gas barbecue to a charcoal grill and enables intuitive heat regulation by controlling the distance between the heat source and the food to be grilled via the air supply.

If high heat is required, for example for a hot barbecue, the charcoal grate and thus the heat source is raised. To reduce the heat, the grate is lowered and the air supply is automatically reduced. Since the charcoal grate can be raised to the edge of the funnel, CONE can be converted into a fireplace after grilling.

CONE MOUNTING – For those who are keen on an outdoor kitchen, the CONE mounting offers the ideal solution, as it can be embedded in a wooden, concrete or stone tabletop. The table is not included in the scope of delivery, but a mounting ring for mounting on the table is.

CONE BOARD – To keep the cool drink always to hand and to place the grilled food directly next to the grid until it is put on. The board is docked onto the barbecue in one easy step and removed just as quickly. Bamboo is one of the most durable woods thanks to its exceptionally high surface hardness and also contains a natural antibacterial agent, making it the perfect material for a cutting board.

CONE CAST IRON GRID – More than just a cast iron grid. The drip tray, specially developed for the extremely solid grid, makes charcoal grilling healthier than ever before - it ensures that no fat or marinade can drip into the embers, but the food still takes on the woody smoky note of the charcoal.

The cast iron grid comes in two parts, each with a drip tray, and can be folded - as expected from CONE.

CONE COVER – Fits like a tailored suit. The water-repellent material in combination with a high-tech outdoor zip protects CONE like a second skin against dirt and moisture, even when it is put into hibernation in autumn. The integrated carrying handles make CONE comfortable to transport.

- ☆ Charcoal grill with infinitely variable heat regulation
- Can also be used as a fire basket
- Solid grid: Ø 46 cm, Ø 5 mm bars, polished stainless steel
- Incl. warming grid (Ø 50 cm segment)
- Incl. lid thermometer and 2 hooks for hanging barbecue tools
- Completely made of stainless steel
- Optional accessories: CONE Board, CONE Cast Iron Grid

2023

BARBECUE TONGS – Thanks to their asymmetrical shape, they lie ergonomically and securely in the hand. The slightly slanted flanks also allow delicate goods to be gripped gently. Cut-outs at the ends provide grip and visibility – they give the tongs transparency in the area of action, making them the perfect tool for small prawns as well as T-bone steaks. The clue: With these tongs, the grid can be lifted and positioned over the embers.

SCRAPER – When grilling on the plancha, the scraper is essential. Inspired by the Japanese art of Teppanyaki grilling, there is no food that the scraper cannot assist with. Turning, cutting and stirring are among its specialities and it is even at your service when cleaning the plancha. During barbecue breaks, the scraper can be hung securely on a hook on the fire bowl, on the barbecue or in the kitchen and is always ready for its next use.

SPATULA – It unfolds its full potential when used on the grid. It turns larger as well as fragile grilled food to allow all sides to feel the heat of the fire. Thanks to its flexible handling and ergonomic design, the spatula is also helpful when cutting up and mixing grilled food right on the plancha. During barbecue breaks, it can be hung securely on a hook on the fire bowl, on the barbecue or in the kitchen, so it is always ready for its next culinary mission.

BBQ STARTER – It can be used like a classic kindling chimney, but also according to the höfats kindling principle, where the kindling chimney does not have to be turned upside down, but is simply pulled off upwards. There are no sparks or ash flying compared to conventional kindling stoves, making it far safer and more convenient.

FIRE TOOL SET – With the complete set consisting of fire tongs, blow poker and wooden base, the fire is under control. The blow poker does justice to its task of stoking the fire in two senses, because the fire can also be lit at a safe distance from the flames via the inconspicuous, integrated flame blower tube. With the robust fire tongs made of solid stainless steel, even heavy and burning logs can be lifted effortlessly and larger barbecued food turned thanks to strong serrations. Both together snap harmoniously into the weighted wooden base which makes the set easy to lift on the fire tongs and mobile for use on the fire bowl, stove and fireplace.

BLOW POKER ON STAINLESS STEEL BASE – The blow poker does justice to its task of stoking the fire in two senses, as it makes it possible to additionally start the fire at a safe distance from the flames via the inconspicuous, integrated flame blower tube. This very tube also makes it possible to place the poker upright on the stainless steel base and store it safely – for lasting enjoyment of the fire.

BLOW POKER – The poker does justice to its task of stoking the fire in two senses, as it makes it possible to additionally start the fire at a safe distance from the flames via the inconspicuous, integrated flame blower tube.

FIRE TONGS – Even burning logs stay firmly in your hand with the robust fire tongs made of solid stainless steel. The strong serrations allow a secure grip to lift firewood or to turn larger grilled food. For storage, the fire tongs can effortlessly snap into the weighted wooden base (accessory) and be used in a mobile way on the fire bowl, stove or fireplace.

- Ergonomically shaped grill tongs with grid lifter function
- Perfect length
- Cut-outs at the ends provide better grip and visibility
- Stainless steel

- Flexible scraper for food preparation and cleaning the plancha
- Ergonomic handle for non-slip grip
- Material cut-out for hanging
- Suitable for easy cleaning in the dishwasher
- Stainless steel

- Flexible spatula for food preparation and cleaning the plancha
- Ergonomic handle for non-slip grip
- Material cut-out for hanging
- Suitable for easy cleaning in the dishwasher
- Stainless steel

- Ignition chimney for comfortable, safe and fast ignition
- höfats kindling principle: empty the glowing charcoal without turning it over
- Handle becomes hand-warm at most
- 2.5 kg capacity
- Stainless steel

- Three-piece complete set: fire tongs, blow poker and wooden base
- Ideal for höfats fire bowls & fire baskets or as fireplace set
- Blow poker: stainless steel with oak handle, stainless steel mouthpiece
- Fire tongs: stainless steel, dishwasher safe.
- Wooden base: ash

- Poker with integrated flame blower for easy and safe lighting of the fire
- Ideal for höfats fire bowls & fire baskets or as fireplace set
- Poker can be easily placed on the stainless steel base via the flame blower tube
- Stainless steel with oak handle, stainless steel mouthpiece

- Poker with integrated flame blower for easy and safe lighting of the fire
- Ideal for höfats fire bowls & fire baskets or as fireplace set
- Stainless steel with oak handle, stainless steel mouthpiece
- Optional accessories: wooden or stainless steel base for vertical storage

- Safe handling of firewood thanks to strong serration at the end of the tongs
- Also ideal for use as barbecue tongs for heavy barbecued food

TOOLS

DESIGN PLUS
Winner 2016

STEAK TOOLS – This is a tool that does justice to a perfect piece of meat. The sharp blade does not tear the meat fibres, but cuts them precisely, which keeps the meat juicy and aromatic. Solid, forged from one piece, the brushed, satin-matt stainless steel lies firmly and perfectly balanced in the hand. Stainless, dishwasher-safe and form-stable, the höfats steak tools are indestructible and guarantee years of enjoyment of good meat. High quality packaged in a wooden box, they are the perfect gift for any meat lover and anyone who appreciates good food. By the way, the höfats Steak Tools also perform with Pizza.

APRON – The sophisticated höfats apron turns you and your barbecue and cooking skills into a winning team. Its robust and easy-care material is tailor-made for you, because thanks to the continuous cord that runs from the neck over the sides to the hips, the apron can be adjusted to the body size with just one movement. This makes it fit perfectly right away and offers maximum wearing comfort. The simple integrated pocket and the towel strap are delightful. It comes already equipped with a high-quality linen towel.

FIRE GLOVES LEATHER – The robust höfats barbecue gloves made of pure, heavy suede and Kevlar are hand-sewn and made to last. They are extremely non-slip and heat-resistant and make barbecuing a safe pleasure, not least thanks to the extremely pleasant inner lining.

FIRE GLOVES ARAMID – As snug as a second skin and heat-resistant up to 500°C. Breathable aramid fibre is the special material of these fire gloves, which allow you to safely handle extremely hot objects. The silicone nubs on the entire palm ensure that you can grip even delicate objects reliably.

FLAME-GRILLED SALMON BOARD The Finnish classic offers space for any fish and adds its unique flavour above the aromatic flames of the fire. The fish fillet is securely fixed under the stainless steel support on the solid beech wood board and can be attached to any höfats fire bowl or basket. To ensure that the fish is cooked evenly and gently, the flame-grilled salmon board fits into the mount from both sides and the different angles of inclination between the board and the flames guarantee optimum temperature handling.

JOHNNY CATCH – The probably best wall bottle opener in the world catches bottle caps magnetically or in a catch cup! 100% stainless steel. Johnny Catch does not need screws or dowels, it is mounted on the wall with a high-quality double-sided adhesive tape from 3M. The adhesive tape adheres to all surfaces, even very uneven ones.

Johnny Catch is a must: for the style-conscious beer drinker, lemonade lover, craft beer crack, in the pub around the corner, clubhouse, band room, club, music sports hall, construction trailer, bling bling club, in your favourite bar, kebab stand, gazebo, Stylo kitchen, chaos flat-share, party shed, ski hut, beach bar, workshop, on the roof terrace, next to your barbecue, fridge... Cheers!

OUR PRODUCTS WITH YOUR LOGO

Our products create a spark. They are gifts that people talk about, remember and want. They impress with their purist design, uncompromising workmanship and fascinating functionality. With the addition of laser engraving or laser cutting, your personalisation becomes permanent – the ideal gift for your valued employees or customers.

"FUNCTIONAL DESIGN MEETS ATTENTION TO DETAIL"

The WirtschaftsWoche headlined an article about höfats
